

Bee-Tech Group Has a New Home!

We're excited to announce that **Bee-Tech Group** has officially moved into our new office space at **Spaces Sunclare in Claremont!** This marks a major milestone as we expand our pollen testing capabilities and bring our innovative research even closer to the agricultural community.

Our new office isn't just an address—it's where science meets sustainability. **We'll be conducting all our advanced pollen testing from this dedicated lab space**, building on the progress we've shared in previous newsletters. From analyzing pollen viability and grain counts to supporting reapplication methods, our new facility will help us push the boundaries of what's possible in crop production.

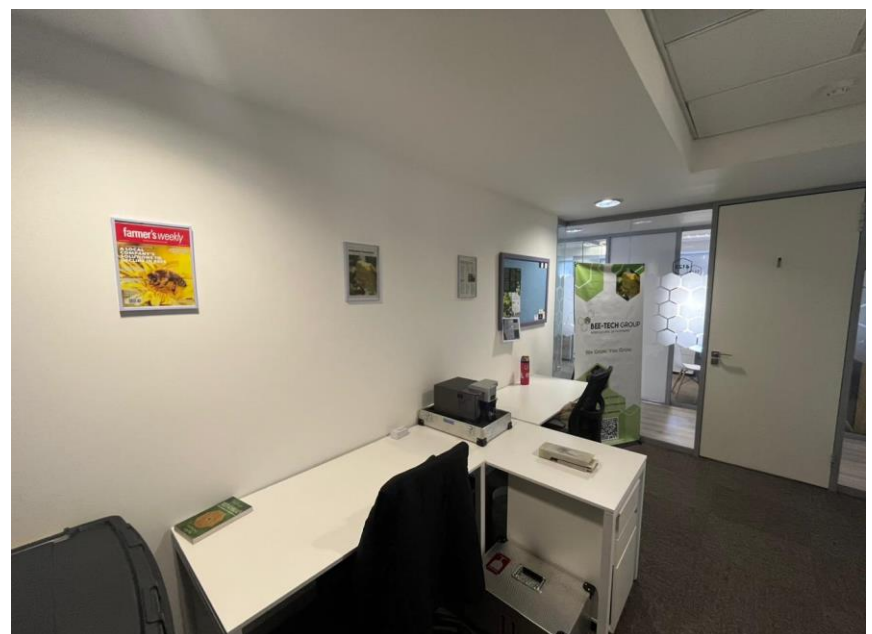

Now Offering Pollen Testing Services On-Site!

You can now **drop off your pollen samples directly at our office**. We've got a friendly receptionist available during office hours to assist with sample collections, making the process quick and easy for you.

 **Visit Us:** Office 4123 at Spaces Sunclare, Claremont

 **Office Hours:** 8:00 – 17:00

 **Contact:** 078 365 3535

Whether you're dropping off samples, curious about our latest research, or just want to say hello, **we'd love to see you at our new space**. Come visit us and see where the future of pollen science is being shaped!

Bee-Tech Group – Innovating Agriculture, One Pollen Grain at a Time!
